DETAILED ACTION

This office action is in response to the arguments filed 7/19/10.

Allowable Subject Matter

Claims 1-6, 8-14, and 16-19 are allowed.

The following is an examiner's statement of reasons for allowance: The applicants arguments filed 7/19/10 are persuasive, the applicant argues Grafton 5964783 teaches there is no need to countersink the eyelet, the reference as a whole teaches away from Greenfield. The prior art of record alone or in combination fails to teach inter alia a suture eyelet formed of a strand of a suture insert-molded into an anchor body, with the suture eyelet being disposed completely within the anchor body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
